· Chief, Sectial Socurity Division

LAUMEROOK, Ecotor Robert V.

- 1. On 28 December 1993, the Director of Security Instructor the Chief, Cover Branch, 350 to set up amplyment backgropping on the above mand individual so that an incurance investigation would not reveal his connection with Chi.
- 2. The above mentioned Subject was in the company of the Frank R. Olson, SID \$79050, a Experiment of the bray exployer who consists swinded in New York City carrie, November 1950. It that time, corrain information was given to the head police outheristes and it is the desire of the Junery that Subject's contrastes in the fall not by reworked in any firectingation existing out of the outside of Olson. Alternative has filled a chilm with our insurance company for normal incommitty on a result of the bushand's death. It is engineered that this incommence of the company will have a complete invastigation of the directions of the suited and will probably attempt to inturning free Lamberrow and purpless seem of Classis occurrence.
- 3. Dr. Inchirook coriced the New York City police that he was an associate of Olseans. Olsea was employed by the Pepartment of the Arry, Arry Simbogheal Center, Camp Detrich, Mi.
- h. Er. Lachbrook was interviewed on 20 December 1953 by a representative of this Edvision requesting what backstoping was marked to fit in with the seatement be ind given the New York policie. It that this, Dr. Lashbrook stated that he desired that brokentaging to make to the Department of the Army, C-M. Recomment to Terrispound Through with Col. Sparray Furniculant and Lt. Col. Jackson Lawrence. These instrictures contacts of the Tochnical Jackson Lawrence. These instrictures stated that he did not during the backstopped at Comp District, as he falt that that would only draw attention to the installation.
- 5. It is the opinion of this Division that backstorping in the manus suggested by Dr. Larbirook to this to independ and would only surve to crosse the conjustive of destinant pursuan in the Constitution of the tury, who at this soint, here no knowledge of the incident which occurred in New York.

- in. It is further recommended that cal. Wincest Envet and inder the laten, the Security Officer of Comp Detrich, Maryland to contacts that any impulsy reporting it. Lectrock obside the referred directly to the office of Contral Publishe and that the Security Critics of CA should be notified of the impulsy.
- Il. It is believed that this type technologing is the simulant and nost source under the circumstances. The technology obtained that no bedrators in any may with Cusp leaving. Dayland would sell itemation to that instabilities in not deemed so and so is a natural thing for a clearing to be associated with m instabilities such as the Army Biological Conter or Cusp forming and that first sould not create under interest. It is believed that incontaming through the Legistics Office of the Army would be inconsistent with Dr. Lachbrack's background and wint create un under interest insofar as an incurrence investigation is concerned.
- 12. The Security Office, Technical Services uself séries a consequentire of this Diricion in confliction that in felt that the backgrouping with G-1 of the army well do not be compatible with Tr. Lashbroad's backgrouph. However, he and leen to tested to Tr. Lashbroad and Dr. Contailed of Technical services furth to offer this 1-t contail of Technical services furth to offer this 1-t contail and a promible technical further.
- If you concer in there arrangements, the forer leader of Esp will undertake to implement then to in expedite herti.
